Because independence matters

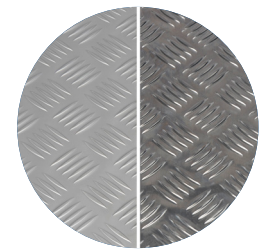

Up & Over Bridge Ramps

Quick and easy to install and remove, Up & Over Bridge Ramps provide an easy and safe method for negotiating any threshold around your home.

- Suitable for both indoor and outside use
- Universal 711mm width fits most doorways, scooters and wheelchairs
- Lightweight and easy to manoeuvre with smooth eyelets included for added carry comfort
- Fixed height design allows ramps to be simply placed down over most doorway thresholds
- Corrosion-resistant aluminium surface available in anodised (semi-matt) or natural (shiny/raw) finish
- Anti-slip pads protect floor and prevent slippage
- Can be refurbished for re-use, helping budgets go further and kinder to the environment.

Available in 2 finishes

Anodised (semi-matt) Natural (shiny/raw)

All images in Anodised finish
